

You Used to Hold Me

Calvin Harris

[Verse 1]

Knocked down, everything I tried to do
That sounds something like me holding you
I know this can make you understand
Take my spirit from my open hand

[Chorus]

You used to hold me, you used to hold me
You used to hold me, me, me, me, yeah
You used to hold me, you used to hold me
You used to hold me, me, me, me, yeah
You used to hold me, you used to hold me
You used to hold me, me, me, me, yeah
You used to hold me, you used to hold me
You used to hold me, me, me, me, yeah
Me, me, me, yeah, me, yeah
Me, me, me, yeah, me, yeah
Me, me, me, yeah, me, yeah
Me, me, me, yeah
You know better than I do

[Verse 2]

Knocked down, everything I tried to do
That sounds something like me holding you
I know this can make you understand
Take my spirit from my open hand

[Chorus]

You used to hold me, you used to hold me
You used to hold me, me, me, me, yeah
You used to hold me, you used to hold me
You used to hold me, me, me, me, yeah
You used to hold me, you used to hold me
You used to hold me, me, me, me, yeah
You used to hold me, you used to hold me
You used to hold me, me, me, me, yeah
You know better than I do

[Instrumental Break]

[Chorus]

You used to hold me, you used to hold me
You used to hold me, me, me, me, yeah
You used to hold me, you used to hold me
You used to hold me, me, me, me, yeah
You used to hold me, you used to hold me
You used to hold me, me, me, me, yeah
You used to hold me, you used to hold me
You used to hold me, me, me, me, yeah
