B***h we can get peeetty tell me if you ready
I was?playin ?nice we can?change the setting

We can get?peeetty

We can get peeetty yeah

We can get peeetty tell me if you ready
I was playin nice we can change the setting

We can get peeetty

We can get peeetty yeah

[Verse 1]

Broke bitches always in some s**t except businesses
Tryna bring us down so they bring up us rich bitches
Talkin out that neck won t get you far but if this is
Gossip that affect my pockets it s gon hit different

Bout to get explicit

Ain t with Twitter dissin

You gon have to speak up when you talk I m here to listen
If you poppin s**t you probably wishin I m religious
This collision finna get you feelin hella Christian
Look you gon need that energy you got when you sendin me
All the caps lockin when you talkin on the net to me

Wish a b***h would yell at me

F**k a b***h s jealousy

May not be your cup of tea but

I m your boyfriend s Hennessy and

[Hook]

We can get peeetty tell me if you ready
I was playin nice we can change the setting

We can get peeetty

We can get peeetty yeah

We can get peeetty tell me if you ready
I was playin nice we can change the setting

We can get peeetty

We can get peeetty yeah[Verse 2]

Bro I m so tired of the commentin on me and mine
When all you bitches really ain t got no pot to piss in
Couldn t get \$1000 if you and your
three hoe-a*s friends go put your savings in a pot
You fuckin thots is out here judgin
bitches like us cause you forgot
That I don t got time but I ll make
time if it means draggin a lil b***h

I m tired of all you fuckin h**s
y all startin problems think you slick
I m bout to drag you by the fuckin
edges both of us ain t got
It s quite ironic stale bland a*s bitches throwin salt
You bout to get your season we bout to make this even
You talkin s**t about me you bout to get your reason
Cause I ve been on my vibin higher and my meditatn s**t
But if you want b***h
I can put this fuckin hair up hold my s**t[Hook]
We can get peeetty tell me if you ready
I was playin nice we can change the setting
We can get peeetty
We can get peeetty yeah
We can get peeetty tell me if you ready
I was playin nice we can change the setting
We can get peeetty
We can get peeettyyy
