

You're Trying to Kill Me

Lionize

Everytime I see you my heart is breaking, my pulse is racing
Everytime I wonder, what have you found out
Is it something that I already know about?
I'm living (x3) two lives
Inside a (x3) disguise

Everytime I'm near you, I have to spear you
You're trying to kill me, yeah
Everytime I lay down, I have the same dream
I see the same scene, and its playing out
I'm living (x3) two lives
Inside a (x3) disguise

Everytime I see you my heart is breaking, my pulse is racing
Everytime I wonder, what have you found out
Is it something that I already know about?
I'm living (x3) two lives
Inside a (x3) disguise, yeah!
