

# Rewind

Paolo Nutini

[Verse 1: Paolo Nutini]

Picking up the pieces of the wreck you went and left  
And I'm dealing with dilemmas  
In my now so stressful life  
And I'm drinking stronger spirits  
I made my home here on the floor  
And I'm losing all ambition and goals  
I'm going all out  
I'm thinking you're just as bad

[Chorus]

No sleeping at night  
But I'm going from bar to bar  
Why can't we just rewind  
Why can't we just rewind  
Why can't we just rewind

[Verse 2]

Oh remember at 16  
Oh the crazy drunken night we had  
When I kissed you in the hallway  
Then I took you straight to bed  
Oh two years on  
And I'm still that same boy I was

[Chorusx2]

No sleeping at night  
But I'm going from bar to bar  
Why can't we just rewind  
Why can't we just rewind  
Why can't we just rewind

[Bridge]

You might blame it on me  
But you insisted that we fall  
Wiped your hands of me  
And said you needed more, more, more

[Chorusx2]

No sleeping at night

But I'm going from bar to bar  
Why can't we just rewind  
Why can't we just rewind  
Why can't we just rewind

[Outro]  
Wo woah woah woah  
Wo woah woah woah  
Wo wo woah  
Can't we just rewind
