

Jonathan

Nerf Herder

Straight out of Boston
To reinvent the modern rock and roll
He put down the cigarette
And dropped out of B.U. Too sensitive for this world
Too sensitive for that girl He could look right through the Cezans
If he had a girlfriend
A G I R L F R E N
In the astral plane
Too sensitive for this world
Too sensitive for that girl
Please God don't let me end up like Jonathan Richman
Turn the radio off He was never called an asshole
As he would walk past the Fenway
Modern girls modern rock and roll
He's straight you're stoned
Too sensitive for this world
Too sensitive for that girl
Please God don't let me end up like Jonathan Richman
Turn the radio off Please God, don't let me end up like Jonathan
Please God, don't let me end up like Jonathan
Please God, don't let me end up being like Jonathan Richman
