

Bittersweet

Carter Reeves

[VERSE 1]

You were devastated
But you knew you couldn't change my mind
And You, know that I hate this
But I didn't wanna waste your time

[PRE-Chorus]

I know what this looks like
I just wanna say that there's
Nobody else, nobody else

I know we had our good times
But I miss the days that
I had to myself, had to myself

[Chorus]

But I still think about you
But I still think about you
And every conversation keeps on looping back to you

[VERSE 2]

Saw that I was waiting
Walked up right to me cause you
Thought that I was waving at you
And I had a conversation
And it was going great
But I didn't ever think that you
Would end up back at my place
At 2am and all I wanna do is you
But you were having none of it
And I was kinda loving it
And that's why

[PRE-Chorus]

I know what this looks like
I just wanna say that there's
Nobody else, nobody else

I know we had our good times
But I miss the days that

I had to myself, had to myself

[Chorus]

But I still think about you

But I still think about you

And every conversation keeps on looping back to you

[BRIDGE]

These things take time, Take time

These things take time, these things take time

These things take time, Take time

These things take time

But I still think about you

But I still think about you

And every conversation keeps on looping back to you
