

White Parents Are Gonna Hate This

SAINT JHN

My name is SAINT JHN
You niggas might want to
Like get other jobs or somethin' Fucked up nigga, good advice yeah
Fucked up nigga, good advice yeah
Fucked up nigga, good advice yeah
Fucked up nigga, good advice yeah
How much drug did you take tonight, tonight
How much blow did you take tonight, tonight
How much drink did you sip tonight, tonight
How much paper in your brick tonight
Tonight, tonight
It feel like 2012, a nigga pulling at the shotty
On the block
That nigga he might let it off right now
Fucking up the motherfucking money
Got me spendin' like a dummy
Boy you're lookin' at a boss right now
Go change that for me
Gucci looking like Tekashi, man
Kami wouldn't have tried it, it's a loss right now
Pull up with a army full of niggas or forgivers
Trying to sing like Diana Ross right now
You never seen a nigga this lit
Not in your motherfuckin' life
You ain't never seen a nigga this rich
I pull a bad guy, I ain't tryna be polite
Hold a motherfucking minute
Just a motherfucking minute
I'ma be that fucking nigga 'till I die
Wait a motherfucking minute
Ain't another fucking minute
Hear that motherfucker boomin' like [July]
You never seen a nigga this lit
Not in your motherfuckin' life
You ain't never seen a nigga this rich
I pull a bad guy, I ain't tryna be polite
How much drug did you take tonight, tonight
How much blow did you take tonight, tonight
How much drink did you sip tonight, tonight
How much paper in your brick tonight
Tonight, tonight
It feel like-

Fucked up nigga, good advice yeah
Fucked up nigga, good advice yeah
Fucked up nigga, good advice yeah
Fucked up nigga, good advice yeah
