

Feed the Streets 2 (Intro)

Roddy Ricch

[Intro]

Bitch, I done married the racks

Bitch, I done married the racks

I get racks

We'll start like that

I get... yeah

[Verse]

I get racks

Louis backpack on my back

I put the city on my back

I put the city on the map

Promethazine and codeine in my double cup

Niggas know I'm big dog, you a puppy

Put that bitch in my car and she love me

I can't never get too buddy-buddy

Keep that MC Hammer, they can't touch me

A lotta clips and mags, they tried to bust me

'Cause you know I got the racks bussin'

I got out the mud 'cause I had to ball

To get a new tennis for my bitch

I make the package do backflips

To get a new Patek on my wrist

Got a new automatic that's on my hip

Niggas talk 'bout the bag but it don't exist

This that new drip designer, it cost me

In the back of the 'Bach, she gon' show her tits

I was that nigga when I was in the streets

Watched my uncle whip the dope and push the ki'

She wanna buy the brand new 'Rari

She want the ring with the flawless cut baguettes

I went to jail and came home, had to run it up

Got the new diamonds on my neck

Now all these bitches want is sex

I just shitted on my ex

I got this shit out the harder way

Call up my dog Derez

Nigga, I crashed the Chevy

Then I came back in BM-dub

Now these bitches wanna be next to me

'Cause I got a pocket full of dubs
Since I got the Rollie, I got stuck up
I can't even give these bitches too many hugs
Pushin' in a Phantom, got the mink on the rug
That bitch say she know me, Roddy Ricch
You know I fuck it up, yeah
Nigga I was really jumpin' out the traps
Pushed the Chevy with bananas in the back
I be chasin' that bag nigga, had to get them racks in
I been rockin' Balmain, and your nigga shop at Pac-Sun
Bitch I've been hoppin' out the bag, it's different
I run these hundreds and I play my position
A nigga never got no sleep
And that's why ain't no nigga cold as me

[Outro]
Cold as me
Ain't no nigga cold as me
Ain't no nigga cold as me
Colder than me
My ice ain't colder than me
My ice, my ice ain't even colder than me
The drip ain't colder than me
Yeah, yeah, yeah, yeah, yeah, yeah
