

Like We Never Loved At All

Faith Hill

You never looked so good
As you did last night
Underneath the city lights
There, walking with your friend
Laughing at the moon
I swear you looked right through me But I'm still living with your goodbye
And you're just going on with your life How can you just walk on by
Without one tear in your eye?
Don't you have the slightest feelings left for me?
Maybe that's just your way
Of dealing with the pain
Forgetting everything between our rise and fall
Like we never at all
You, I hear you're doing fine
Seems like you're doing well
As far as I can tell
Time is leaving us behind
Another week has passed
And still I haven't laughed yet So tell me
What your secret is
(I wanna know, I wanna know, I wanna know)
To letting go, letting go like you did
Like you did How can you just walk on by
Without one tear in your eye
Don't you have the slightest feelings left for me?
Maybe that's just your way
Of dealing with the pain
Forgetting everything between our rise and faaaall
Like we never loved at all
Did you forget the magic?
Did you forget the passion?
And did you ever miss me?
Ever long to kiss me?
(Ooh, whoa whoa whoa whoa whoa baby, baby) Maybe that's just your way of dealing with the
pain
Forgetting everything between our rise and fall
Like we never loved...
At all
(at all)
