

# Up Late

Ari Lennox

On all night  
Quarter five  
I be insane if I let you hit  
I need you  
Should be here  
For my regretful morning Up late again  
Head on my chest, hand on my ass  
Up late again  
Back it up on you, breathing fast  
Up late again  
Tell me how is it when I back up there  
It up there Make your way to North Hollywood  
Target lingerie  
Kissing your lips dipped in backwood tips  
I been crushing on you  
We can fake watch the news, if you like it  
Up late again  
Head on my chest, hand on my ass  
Up late again  
Back it up on you, breathing fast  
Up late again  
Tell me how is it when I back up there  
It up there How you gone act?  
Ooh you fucking snack  
Fifth floor give your ass a duplicate fob  
Fifth floor devour that body like corn on a cob  
Fifth floor neighbors must be questioning my job  
I see that you torn, I see you adorn me  
You know what I want  
I see that your torn  
I see you adorn me  
I see you adorn (you adorn)  
Up late again  
Head on my chest, hand on my ass  
Up late again  
Back it up on you, breathing fast  
Up late again  
Tell me how is it when I back up there  
It up there Fifth floor give your ass a duplicate fob  
Fifth floor devour that body like corn on a cob  
Fifth floor neighbors must be questioning my job

5 am could you stay a little longer
