

# Anywhere With You Is Home

Kurt Hugo Schneider, Sam Tsui & Alyson Stoner

I've run around on the beaches of LA  
Skipped stones by the bay I'll take you there someday  
Spend new years eve once in Times Square  
Breathed in the London air, but if it ain't with you who cares  
My passport's thick from all that we've been through  
But, the best thing I've seen is you  
Oh and I'll go wherever the wind blows  
Just as long as you are by my side  
And I'll be wherever this road leads  
Just as long as you are here tonight  
Anywhere with you is home  
Anywhere with you is homeBooked a ride of cabbie in Mumbai  
We saw those northern lights  
Burning up the night  
Got lost on a trail in Peru  
Took in that Rio view  
And I did it all with you  
My passport's thick from everything we've done  
But I think we've only just begun  
Oh and I'll go wherever the wind blows  
Just as long as you are by my side  
And I'll be wherever this road leads  
Just as long as you are here tonightAnywhere with you is home  
Anywhere with you is home  
And I can drive a thousand miles if I'm driving there with you  
Oh I can drive the rest of my life if it'll always be us two  
Oh and I'll go wherever the wind blows  
Just as long as you are by my side  
And I'll be wherever this road leads  
Just as long as you are here tonightAnywhere with you is home  
Anywhere with you is home
