

Make It Better (feat. Smokey Robinson)

[Anderson .Paak](#)

How do you mend when you're worlds apart?
Ooh, carry on
Ooh, from the start Somehow, we fell in love, then fell right out of touch
And ooh, that was hard
But ooh, here we are
And it's easier to walk away
Than to look for what would make you stay Remember when we first met?
We were havin' so much fun
So, now, how can we both forget
Tellin' each other,
