

# Rewind (feat. Monty)

## Fetty Wap

Remy Boooyz, yeah  
1738, squad  
Montana, Fetty Cash  
Remy Boyz, haha, yeah When you're with him, I swear I'm always on your mind  
I had to stop you girl cause you were so damn fine  
I know you're with him now but soon you will be mine  
If I could bring it back, I'll probably press rewind  
Rewind, rewind, rewind, rewind  
Rewind, rewind baby, rewind, rewind, yeah  
I know you're with him now but soon you will be mine  
If I could bring it back, I'll probably press rewind  
Hit the trap with a whole key  
Blowing dope by the OZ  
Behind tints moving lowkey  
I think that you should know me  
Yeah, I heard that you taken  
I think that I can change it  
The look on your face  
And probably think I'm playing  
Look how you love to hate him  
Like your smile and your hairdo  
Chop it up over here boo  
Take the top off the convertible and show off your hairdo  
The one I attend to, the one I am into  
If I pull out the beamer, I'ma cop you the Benz coooupe, baby  
Cause we be all night, baby  
Don't turn off them lights, baby  
I wanna see you fight, baby  
I'ma make you mine, baby  
Do that thing I like, baby  
Eating you with ice, baby  
Montana, Fetty Cash and Dice, baby, yeah  
When you're with him, I swear I'm always on your mind  
I had to stop you girl cause you were so damn fine  
I know you're with him now but soon you will be mine  
If I could bring it back, I'll probably press rewind  
Rewind, rewind, rewind, rewind  
Rewind, rewind baby, rewind, rewind, yeah  
I know you're with him now but soon you will be mine  
If I could bring it back, I'll probably press rewind I said love and loyalty, what do you call that?  
We used to play fight, smoke weed and fall back  
Even late night, whole freaks'll call back

If I had a chance, I'd bring it all back  
You could be Gina and I will be Martin  
And you can be Gabrielle and I'll be Dwayne Wade  
I know you very well and we want the same thing  
But, life ain't a fairytale; my niggas gangbang  
Just to be honest, I think she in college  
If life was a VCR, I would rewind it  
Take off your Vicky bra and let me inside it  
I might get excited if I get invited  
But, baby don't fight it  
Cause this is celebration every time we united  
Just show me how you feel  
Cause you ain't gotta hide it  
And you can take the wheel  
If you know how to ride it, if you know how to ride it  
When you're with him, I swear I'm always  
on your mind  
I had to stop you girl cause you were so damn fine  
I know you're with him now but soon you will be mine  
If I could bring it back, I'll probably press rewind  
Rewind, rewind, rewind, rewind  
Rewind, rewind baby, rewind, rewind, yeah  
I know you're with him now but soon you will be mine  
If I could bring it back, I'll probably press rewind
