tobi lou

(Hey, Tobi, what's this?)

(Yes...)

(Peace up)

I don't even know if I'm fucked up right now

I'm just feelin' my shit

Dre said, "How the party goin'?"

Didn't even start it, but it's already lit

Ran into my ex, she said, "Hey, how you been?"

But I don't like to reminisce

Everything I took ten minutes ago just hit, so...

I'ma need a little bit

I was doin' my dance 'til someone grabbed my hand like, "No, babe

Do it, do it like this"

So I threw it in reverse, tried a little swerve

Okay, I think I get the gist

Left hand up, right hand down, stick shift (Yeah)

Then I hit it in the whip

Proud of myself 'cause I did just what I did

Hit that bitch once, then I hit that shit again (Peace up)

Ho, don't try me

'Cause I'm really with the shifts, ooh

Someone stepped on my shoes

Now I'm really feelin' pissed, but I ain't finna trip

'Cause he was just trippin' over his ex-chick

See why I don't reminisce?

Ooh, then baby hit me out the blue (Do you really miss me?)

Oh, here we go again

Do, do you only miss me when you fucked up? (Uh, yeah)

Okay, then, what's up? (What's up?)

You ain't gotta call like Usher (Usher)

I don't really need none from you (Yeah, yeah)

Do you only miss me when you fucked up? (Yeah)

Okay, then, what's up? (What's up?)

You ain't gotta call like Usher (I'ma be alright)

I'ma be alright (Ayy), I'ma be alright (Ayy)

Ooh, uh, I'ma be alright like Kenny (Kenny)

Liquor store run, hit Benny's (Benny's)

Trap money on me like Benny (Like Benny)

Baby from the block like Jenny (Jenny)

Brought her best friend 'cause she friendly (Friendly)

She cute, but her fridge kinda empty (Empty)

You ain't even got no Henny (Ooh)

Glad that I brought some with me (Pop out)

I got the juice like Biggie (Biggie)
I'm in the Chi getting jiggy (I'm in the Chi like, jiggy)
Live on Ice, no Disney (No Disney)
But you would be proud like Penny (Proud)
Then we just dropped new Fenty (Fenty)
I just wanna bop like Diddy (I just wanna rock, Diddy)
Why I'm drunk as fuck?
Come get me

Do, do you only miss me when you fucked up? (Yeah, yeah)
Okay, then, what's up? (What's up?)
You ain't gotta call like Usher (Usher)
I don't really need none from you (Yeah, yeah)
Do you only miss me when you fucked up? (Yeah)
Okay, then, what's up? (What's up?)
You ain't gotta call like Usher (I'ma be alright)
I'ma be alright, I'ma be alright

It's Usher, baby

Do, do you only miss me when you fucked up? (Yeah, yeah)
Okay, then, what's up? (What's up?)
You ain't gotta call like Usher (Usher)
I don't really need none from you
Do you only miss me when you fucked up? (Fucked)

Okay, then, what's up? (Okay)

You ain't gotta call like Usher

I'ma be alright, I'ma be alright
