

Don't You Want to Stay?

Bill Withers

[Verse 1]

Busy hanging curtains
Children in the way
Whoa, that's what the future holds with me
Don't you want to stay?

Better talk to Billy
His doggy died today
Whoa, that's what the future holds with me
Don't you want to stay?

[Chorus]

Don't you want to stay?
Whoa, don't you want to stay?
That's what the future holds with me
Don't you want to stay?

[Verse 2]

Sundays in the meadow
See the children play
Whoa, that's what the future holds with me
Don't you want to stay?

[Chorus]

Don't you want to stay?
Whoa, don't you want to stay?
That's what the future holds with me
Don't you want to stay?

[Outro]

Don't you wanna stay?
Don't you wanna stay?
Don't you wanna stay?
