

# Don't You Want to Stay?

Bill Withers

[Verse 1]

Busy hanging curtains  
Children in the way  
Whoa, that's what the future holds with me  
Don't you want to stay?

Better talk to Billy  
His doggy died today  
Whoa, that's what the future holds with me  
Don't you want to stay?

[Chorus]

Don't you want to stay?  
Whoa, don't you want to stay?  
That's what the future holds with me  
Don't you want to stay?

[Verse 2]

Sundays in the meadow  
See the children play  
Whoa, that's what the future holds with me  
Don't you want to stay?

[Chorus]

Don't you want to stay?  
Whoa, don't you want to stay?  
That's what the future holds with me  
Don't you want to stay?

[Outro]

Don't you wanna stay?  
Don't you wanna stay?  
Don't you wanna stay?
