

I Missed

Surface

[Chorus X 2]

I missed

I must admit

But girl you're much too much for me to quit

I saw you standin all alone

And suddenly this thought crossed my mind

You and I

Sharing love we've never known

This feeling is oh so good to me

Baby

And when I said hello

You looked at me

Oh so sweet

It's you I'd like to know

But when you turned away and walked out the door

[Chorus X 2]

I missed

I must admit

But girl you're much too much for me to quit

Tell me what can I do

To make you see the way I feel is real

If only I

Could talk to you

Girl I know

You'd realize that I am the one for you

Can't get you off my mind

You totally

Stole my heart

Girl it's worth a try

To find out if there's a chance

[Chorus X 2]

I missed

I must admit

But girl you're much too much for me to quit

Give me one minute of your time

And I'll make it worth your while
It seems to me that you've been hurt by other guys
Cuz when I say hello you say goodbye

[Chorus X 3]
I missed
I must admit
But girl you're much too much for me to quit

My baby
My baby

The girl the girl the girl is fine
Wish that you were mine
Oh girl

I missed
But girl you're much too much for me to quit

I missed
I must admit
But girl you're much too much for me to quit

And when I said hello you looked at me, oh so sweet
It's you I'd like to know
Girl you're much too much for me to quit
But then you turned away and walked out the door

I missed
Girl you're much too much for me to quit

I missed
I must admit
But girl you're much too much for me to quit
