

# Twinkle Twinkle Little Me

Stevie Wonder

Twinkle twinkle  
Little me  
I have a lovely light  
I'm the star upon your tree  
That makes your Christmas bright (mhmm)  
Twinkle twinkle, little me  
I left the milky way  
Just so I could come and be with you on Christmas day  
Angels brought me where you are  
And heaven gave me light  
I'm that friendly little star  
You wish upon each night  
Twinkle twinkle, little me I have a present too  
And if you give unselfishly  
And make a wish come true  
I'll always shine for you  
(Talking)  
Hi kids, look out your window! You see that little star way up there?  
The one that's all alone?  
Well, that's me. That's right.  
And this Christmas, I'm coming all the way down to where you are just to light up your  
Christmas tree.  
And I hope to light up your hearts  
Well, Twinkle twinkle, little me  
I have a present too  
If you give unselfishly  
And make a wish come true  
I'll always shine for you
