

# The Other Guy

Luke Combs

She said, I never thought I'd see you here  
Hanging on this side of town  
What's it been, about a year  
Yeah, boy, look at you now  
I heard you got a new job  
Things are takin' off  
Just like I thought they would  
I said it's all good But you should see the other guy that's missing you  
Late at night, he's wishin' you would come back home  
Girl, he can't move on  
And his heart still takes a beatin'  
Just livin' with your leavin'  
Yeah, it might look like I'm doin' alright  
But you should see the other guy  
As far as anyone can see  
Things are lookin' up these days  
Only let 'em see this side of me  
The one that's got it made  
Doin' everything I know to do  
To keep the truth  
From runnin' through my mind  
Yeah, I'm doin' fine But you should see the other guy that's missing you  
Late at night, he's wishin' you would come back home  
Girl, he can't move on  
And his heart still takes a beatin'  
Just livin' with your leavin'  
Yeah, it might look like I'm doin' alright  
But you should see the other guy  
But you should see the other guy that's missing you  
Late at night, he's wishin' you would come back home  
Girl, he can't move on  
And his heart still takes a beatin'  
Just livin' with your leavin'  
Yeah, it might look like I'm doin' alright  
Yeah, it might look like I'm doin' alright  
But you should see the other guy Oh, you should see the other guy
