

# One Day

Tory Lanez

[Intro: DJ Drama]

Baby, just give me one  
One day and you number one over all them other jawns  
Matter of fact, you'd be the only one  
Just give me one day

[Chorus]

If you let that ass spend one day with me  
You know how this gon' go down when you come over, you know that I'm a freak  
Don't you spend one day with me if you ain't 'bout that action  
Shawty, if you about that action, show me  
Spend one day with me  
Are you about it? Spend one day with me  
Are you about it? Spend one day with me  
You know you spend one day with me

[Verse 1]

I'ma get me out the fuck, I'ma get me out the fuck out the friend zone  
I felt her hips then I hope I end up in the end zone  
Stay with a group of them girls, but nobody look like her  
She leave the crew 'cause she know what I want  
Lil mama's a psychic, yeah, Miami Vice shit, yeah  
I'm at the Viceroy, girl, let's get this night shift, yeah  
I got a feeling, yeah, stick with it, talkin' that talk there girl  
Soon as you walked in here, all I could think was

[Chorus]

If you let that ass spend one day with me  
You know how this gon' go down when you come over, you know that I'm a freak  
Don't you spend one day with me if you ain't 'bout that action  
Shawty, if you about that action, show me  
Spend one day with me  
Are you about it? Spend one day with me  
Are you about it? Spend one day with me  
You know you spend one day with me

[Verse 2]

When I come over, you know that it's over, you know how I'm gettin' down  
I lay your body all over the sofa, you know how I'm gettin' down  
Dale que tu puede, all of my Cuban mamis in the buildin'  
Super duper, tell the bitch to put the trooper all over my business  
Psychic, yeah, she'll drop a night shift, yeah  
Them hoes is sloppy, you know they can't copy even with a right click, yeah  
You got a feelin', yeah, droppin' the top on the ceilin', yeah

How can I not when I feel it, yeah? How can you not when you feel the same?

[Chorus]

If you let that ass spend one day with me  
You know how this gon' go down when you come over, you know that I'm a freak  
Don't you spend one day with me if you ain't 'bout that action  
Shawty, if you about that action, show me  
Spend one day with me  
Are you about it? Spend one day with me  
Are you about it? Spend one day with me  
You know you spend one day with me

[Outro]

You ain't gotta say too much  
From the look in your eyes, I can tell you wanna fuck  
You ain't gotta call me your boo  
Just as bad as you wanna fuck, I wanna fuck too  
You ain't gotta say too much  
From the look in your eyes, I can tell you wanna fuck  
You ain't gotta call me your boo  
Just as bad as you wanna fuck, I want some too
