

# Don't Don't Do It!

## N.E.R.D & Kendrick Lamar

[Intro: Pharrell Williams]

It makes no difference in this life

Up and ups just fine

Gonna up and up this life

Til' we're down on our luck

It makes no difference in this life

Up and ups just fine

Gonna up and up this life

Til' the lift gets stuck

Lifting up, lifting up

Lifting up

Coming down, coming down

Coming down

Wake them up, wake them up

To the sound

[Chorus: Pharrell Williams]

They tell you pull over, tell you get out the car

(Something says)

Don't do it, don't don't do it

(Something says)

Don't do it, don't don't do it

(Something says)

Don't do it, don't don't do it

They wanna see your hands, tell you hold up your arms (Something says)

Don't do it, don't don't do it

(Something says)

Don't do it, don't don't do it

(Something says)

Don't do it, don't don't do it

[Verse 1: Pharrell Williams]

We were going home

Waiting for the kids

School bus to arrive

Oh, but you know, they're gonna do it anyway

Reaching for your keys

Wait, is that your phone?

Got a TBI

Wait, is that police?

Get out for what?

I'm not your guy

(But you know, they're gonna do it anyway)

Wife behind the trees

Tryna to tell you don't  
They're about to fire  
(They're gonna do it anyway)  
[Refrain: Pharrell Williams]  
They're gonna do it anyway  
They're gonna do it anyway  
They're gonna do it anyway  
They're gonna do it anyway

[Chorus: Pharrell Williams]  
They tell you pull over, tell you get out the car  
(Something says)  
Don't do it, don't don't do it  
(Something says)  
Don't do it, don't don't do it  
(Something says)  
Don't do it, don't don't do it  
They wanna see your hands, tell you hold up you arms  
(Something says)  
Don't do it, don't don't do it  
(Something says)  
Don't do it, don't don't do it  
(Something says)  
Don't do it, don't don't do it

[Verse 2: Pharrell Williams]  
Whoa Ferguson, oh Baltimore  
Raleigh, North Carolina  
But you know, they're gonna do it anyway  
Wisconsin, Tulsa, Oklahoma  
Cleveland, Ohio  
Montgomery, Baton Rouge, Cincinnati car  
Dayton, Ohio  
But you know, they're gonna do it anyway  
New York, New Jersey, Phoenix, Minnesota  
South Carolina

They gonna do it anyway  
[Refrain: Pharrell Williams]  
They are gonna do it anyway  
They are gonna do it anyway  
They are gonna do it anyway  
They are gonna do it anyway

[Verse 3: Kendrick Lamar]  
You better duck, run fast from the mania  
Don't stare, don't laugh at the media  
Brake free, press gas when it enter ya'  
Don't let it go bad when he ante up  
Highway, get out the way

Black man do your great escape  
Pac-man wanna prosecute you  
Raise your hand up, and they'll shoot ya'  
Face off, face off Adolf Hitler  
Grandkids slayed off  
Niggas, same rules, same chalk  
Different decade, same law  
Keep focus, you wanna get caught with your eyes open  
You wanna stay clear of the prognosis  
Pride provoked him, watch demotion  
Watch em' close enough  
Don't let the holster break or roast ya'  
Rollercoaster ride that bitch  
Soon or later sides gon' switch  
You know Johnny got that itch  
How many more of us gotta see the coroner?  
Slain by the same badge, stop, wait, brake, fast!

[Chorus: Pharrell Williams]  
Don't do it, don't don't do it  
Don't do it, don't don't do it  
Don't do it, don't don't do it  
Don't do it, don't don't do it
