

Colours

Hot Chip

Colours are what

Keep me alive

Colours are what

To hold in my head

Colours are where my

My old meets new

Colours are where my

My brain finds blue

Colours and colours and colours of colours

Colours and colours and colours of colours

Colours and colours and colours of colours

Colours and colours and colours of colours

Colours and colours and colours of colours

Bursts are where

I find a face

Bursts are made

To colour me rich

Bursts are blocks

Stickle bricks

Bursts of colour

Until I'm sick

Colours and colours and colours of colours

(i only wanted for to see)

Colours and colours and colours of colours

(there's nothing in this heart but me)

Colours and colours and colours of colours

(everything you want is not free)

Colours and colours and colours of colours

Colours and colours and colours of colours

(i'm everything a girl could need)

Colours and colours and colours of colours

(there's nothing in this heart but me)

Colours and colours and colours of colours

(if everything you want is free)
