Splash Waterfalls

Ludacris

Oh, oh, oh, say it!
Make love to me
Oh, oh, oh, what?
Fuck me
Oh, oh, oh, say it!
Make love to me
Oh, oh, oh, what?
Fuck meI'm 'bout to throw some game
They both wantin' the same
Cupid's the one to blame, say it
Make love to meI'm 'bout to shed some light
'Cuz each and every night
You've got to do it right, what?
Fuck me
I'm 'bout to throw some game
They both wantin' the same
Cupid's the one to blame, say it
Make love to meI'm 'bout to shed some light
'Cuz each and every night
You've got to do it right, what?
Fuck meThey want it nice and slow
Kiss them from head to toe
Relax and let it go, say it
Make love to me
They want it now and fast
Grabbin' and smackin' ass
You gotta make it last, what?
Fuck me
Together holdin' hands
You out there spendin' grands
And makin' family plans, say it
Make love to me
Don't have to straighten facts
Don't want no strings attached
Just scratches on yo' back, what?
Fuck meEx's ain't actin' right
And you so glad to fight
Dinners by candlelight, say it
Make love to me
She got a nigga whipped
Down to your fingertips
Tryin' that freaky shit, what?

Fuck meTurn on some Babyface
Just for your lady's sake
You call her baby cakes, say it
Make love to me
Know how to mack a broad
She's on your sack and balls
You call her jabber jaws, what?
Fuck meI'm 'bout to throw some game
They both wantin' the same
Cupid's the one to blame, say it
Make love to meI'm 'bout to shed some light
'Cuz each and every night
You've got to do it right, what?
Fuck meI'm 'bout to throw some game
They both wantin' the same
Cupid's the one to blame, say it
Make love to meI'm 'bout to shed some light
'Cuz each and every night
You've got to do it right, what?
Fuck meYou 'bout to buy a ring
She needs the finer things
Gucci designer frames, say it
Make love to me
Purchase a nasty flick
Wrap up and tie her quick
Know how to drive a stick, what?
Fuck meYou both unite as one
You the moon and she's your sun
Your heart's a beatin' drum, say it
Make love to me
You better not have came
She wanna feel the pain
Then hear her scream ya name, what?
Fuck meFollow this dictionary
You both some visionaries
And do it missionary, say it
Make love to me
I hear him call the wild
And do it all the while
Doggy and froggy style, what?
Fuck meYou in between the sheets
Lickin' and eatin' sweets
And what you find you keep, say it
Make love to me
You do it standin' up
Orgasm hand 'em up
Y'all just don't give a fuck, what?
Fuck meI'm 'bout to throw some game
They both wantin' the same

Cupid's the one to blame, say it
Make love to meI'm 'bout to shed some light
'Cuz each and every night
You've got to do it right, what?
Fuck meI'm 'bout to throw some game
They both wantin the same
Cupid's the one to blame, say it
Make love to meI'm 'bout to shed some light
'Cuz each and every night
You've got to do it right, what?
Fuck meYou wanna tell the world
'Cuz she's your favorite girl
Your diamond and your pearl, say it
Make love to me
Nobody has to know
Just keep it on the low
And meet 'em right at fo', what?
Fuck meNothin' but fights and fussin'
Plus there's a lot of cussin'
Just grab a hold of somethin', say it
Make love to me
Y'all do that bad stuff
She like it rammed up
Ropes and handcuffs, what?
Fuck meI'm 'bout to throw some game
They both wantin' the same
Cupid's the one to blame, say it
Make love to meI'm 'bout to shed some light
'Cuz each and every night
You've got to do it right, what?
Fuck meI'm 'bout to throw some game
They both wantin' the same
Cupid's the one to blame, say it
Make love to meI'm 'bout to shed some light
'Cuz each and every night
You've got to do it right, what?
Fuck me
