

# Made In France (feat. Mercer)

## DJ Snake, Tchami & Malaa

Before we get started  
Before we get started

Before we get started Before we get started Before we get started

Before we get started  
Before we get started

Before we get started Before we get started

Before we get started  
Before we get started

Before we get started Before we get started

Before we get started  
Before we get started  
Before we get started  
Before we get started  
Before we get started  
Before we get started  
Before we get started

Started, started, started-*Yo*, before we get started

I wanna know one thing We get started *Yo* We get started *Yo*, before we get started

Before we get started  
Before we get started

Before we get started Before we get started

Before we get started  
Before we get started  
Before we get started  
Before we get started  
Before we get started  
Before we get started  
Before we get started

Before we get started Before we get started

Before we get started  
Before we get started

Before we get started (*I wanna know one thing*)

Started, started, started-*Yo*, before we get started

*I wanna know one thing* We get started *Yo* We get started
