

Mouth

The Chain Gang of 1974

You say that you forgiven
The door opened your mouth
You say that your perfection
Is the door opened your mouth
I have most of means for...
Relay down on the grass
Take my hand and fill this weight
Fill this potion I fill a part
Mouth You say that you forgiven
The lover who hold your tong
The end is in the beginning
So fun just like your young
I was honest mad maybe for two years, maybe more if you count the nights
I'ma hurt in the back of history
I ask for, to you by
With your mouth
Mouth Hold me down
Spoke me ah
Hold me down
Spoke me ah
Mouth
