Outta My System (feat. T-Pain & Johntá Austin)

Bow Wow

Damn, I mean, I just keep thinkin' about you

I mean, I wanna move on but I can't move on

It's like you got some kinda hold on me and, man I don't know

But I'ma go ahead and talk about it, listenI'm sittin' lookin' out the window like damn

Tryna fix this situation that's at hand

You're still runnin' through my mind

When I'm knowin' that you shouldn't be

Me all on your mind and I'm knowin' that it couldn't be'Cause you ain't called and I ain't even appalled

I still got a lotta pain, I ain't dealt wit it all

I been runnin' 'round with other chicks, I'm single and they lovin' it

I'm likin' it but I just want the one that I was in love with

That's not the end of it, I'm tryna let you go

I can't get a grip of it is what I'm tryna let you know

You got a hold or some kinda control of me

I don't know what it is but I gotta get you gone from meI'm workin' at it and it ain't gettin' no better

Just tryna be like, yeah, forget it, whatever

Instead of starin' out this glass, lookin' at this bad weather

Damn, I gotta pull myself together 'causeWhen I'm with somebody, all I think 'bout is you

When I'm all alone, that's all I wanna do

I miss the smilin' faces in my Sidekick, outta town visits

All the time we spent together

Makes it hard to get you outta my systemAnd you know what you do to me, do to me

You don't even understand, damn

And you know what you do to me, do to me

It's so hard to get you outta my system

I'm too attached, my heart won't let me fall back

I got it bad, that's what you can call that

And when I see you in the streets, that's the worse for me

Used to love the little things you did, that's what works for meIt's too major, don't see you in

my pager

Know what you doin', where you at or can I see you later?

The fellas tellin' me, "Just let her go, Bow"

Believe me, I'm tryin', man, I just don't know howI be in all the top spots, leavin' with the hot shots

Knowin' they just want me 'cause I'm in the top spot

That's not poppin' and my brain ain't stoppin'

Thinkin' who she with or where she goin', is she club hoppin'?I never had this kind of problem in my life

This is my first time dealin' with this kind of fight
It's every night and every flight and every time you in my sight
Damn, this ain't even right 'causeWhen I'm with somebody, all I think 'bout is you
When I'm all alone, that's all I wanna do

I miss the smilin' faces in my Sidekick, outta town visits

All the time we spent together

Makes it hard to get you outta my systemAnd you know what you do to me, do to me You don't even understand, damn

And you know what you do to me, do to me

It's so hard to get you outta my systemIs it wrong for me to feel this way?

You been runnin' through my mind all day, can you feel me?

I been tryna get you off my mind

But I can't after all this time, that's what kills meIs it wrong for me to feel this way?

You been runnin' through my mind all day, can you feel me?

I been tryna get you off my mind

But I can't after all this time and it kills meWhen I'm with somebody, all I think 'bout is you When I'm all alone, that's all I wanna do

I miss the smilin' faces in my Sidekick, outta town visits

All the time we spent together

Makes it hard to get you outta my systemAnd you know what you do to me, do to me You don't even understand, damn

And you know what you do to me, do to me

It's so hard to get you outta my systemI remember everything that me and you talked about Me and you had our whole life planned out together

And if I could, I would turn back the hands of time

And correct all my mistakes that I ever didBut now I guess I gotta move on, right?

It's still hard and I still love you to this day

Peace
