

# Can I (feat. Tory Lanez)

Kehlani

[Kehlani]

This shit's so good, should be illegal  
Need round two, I need a sequel  
Hit the backboard like a free throw  
You next level, you a cheat code  
In so deep, you hit my seafloor  
Got me singing like Alicia  
Got me using all your lingo  
Tell your girlfriend that you single  
Call me over 'cause I go hard  
Sweet lil' bih, fuck like a pornstar  
Next day, act just like your road dog  
Bitches askin' how you know her  
Head game stupid, baby loca  
Too loud, callate la boca  
Out this world, you supernova  
Fuck that, I am coming over

[Kehlani]

Can I come over?

(Can) Can I (I) stop by (Stop by) to see you (See you) tonight?

Can I stop by to see you? (Tonight)[Kehlani]

We both on fire, love the teamwork  
Leave with juices on your t-shirt  
Loud and clear, no need for reverb  
Tell the Uber driver revert  
Flip that bitch and make a u-turn  
Sextape crazy, need the bloopers  
Last so long, bae, you a trooper  
Sniper gang, no Bradley Cooper  
Hi, I'm Hell, it's nice to meet ya  
Know you fuckin' with a demon  
Do 'bout anything to please ya  
Cum inside me, I'm a keeper  
Want me to make you a senior?  
Never been that hard to read ya  
When we done, you say, I need ya  
I done made you a believer

[Kehlani]

Can I come over?

(Can) Can I (I) stop by (Stop by) to see you (See you) tonight?

Can I stop by to see you? (Tonight)[Tory Lanez]

Shawty, you know you can always stop by

You top five and no, you're not five  
And not four, three, or two, but one, girl  
I'm hot now, wanna see what's under  
The access easy in a sundress  
Your accent's leaking on my tongue, yes  
You're badder than the song that's sang from Mike Jack  
I made you cum and you came right back  
You calling me upon a late night  
I got you leaking like a brake pipe  
Swimming in your sea, just like a diver  
I'm in it, just creeping like a Great White  
And I might fuck you in your own car  
You ride my face just like a pornstar  
I'm in it so deep, just caught a broke jaw  
And I just want one thing, that's a phone call[Kehlani & Tory Lanez]  
Can I come over? (Can I come over?)  
(Can) Can I (I) stop by (Stop by) to see you (See you) tonight? (Oh)  
Can I (Oh) stop by to see you? (Tonight)[Kehlani]  
Can I-I-I-I  
Can I-I-I-I  
See you, see you, see you?  
See you, see you, see you?
