

Rocket (Tiësto Remix)

Goldfrapp

Starting something
Thought could be fun
Started something
Couldn't go on Danger, heartache
I always knew
There's no winner
In this game you lose But I still wanna know
How she got in the door uninvited? Ohh, I got a rocket
Ohh, you're going on it
Ohh, you're never coming back
Cliches, secrets
Stories unfold
Fooled by passion
Losing control Danger, heartache
Something has died
No good pretending
I'm leaving this time But I still wanna know
How she got in the door uninvited? Ohh, I got a rocket
Ohh, you're going on it
Ohh, you're never coming back Ohh, I got a rocket
Ohh, you're going on it
Ohh, you're never coming back
You're never coming back
You're never coming back again, no, no
You're going out on your own You're never coming back
You're never coming back again, oh no
You're going out on your own Ohh, I got a rocket
Ohh, you're going on it
Ohh, you're never coming back Ohh, I got a rocket
Ohh, you're going on it
Ohh, you're never coming back
You're never coming back We have lift off
