

# Joy

## Bastille

[Verse 1]

Thought I'd never be waking on the kitchen floor  
But here I lie, not the first time  
Now my morning has broken, and it brings the fear  
My mind's falling, fall in

[Pre-Chorus]

Then I feel my pulse quickening  
But regrets can't change anything  
Yeah, I feel my pulse quickening  
When your name lights up the screen

[Chorus]

Oh joy, when you call me  
I was giving up, oh, I was giving in  
Joy, set my mind free  
I was giving up, oh, I was giving in

[Post-Chorus]

How d'you always know when I'm down?  
How d'you always know when I'm down?

[Verse 2]

Take a walk through the wreckage, clearing out my head  
I hear your eyes roll right down the phone  
I'm your walking disaster, keep on dragging me  
From self-pity, poor me

[Pre-Chorus]

Then I feel my pulse quickening  
But I wouldn't change a thing

[Chorus]

Oh joy, when you call me  
I was giving up, oh, I was giving in  
Joy, set my mind free  
I was giving up, oh, I was giving in

[Post-Chorus]

How d'you always know when I'm down?

How d'you always know when I'm down?

[Bridge]

As the night dissolves into this final frame  
You're a sweet relief, you saved me from my brain  
From my brain, from my brain, from my brain  
Oh, oh, oh, oh

[Chorus]

Oh joy, when you call me  
I was giving up, oh, I was giving in  
Joy, set my mind free  
I was giving up, oh, I was giving in

[Post-Chorus]

How d'you always know when I'm down?  
How d'you always know when I'm down?

[Outro]

I feel joy when you call me  
I feel joy when you call me (I-I-I feel joy)  
I feel joy when you call me  
I feel joy when you call me  
How d'you always know when I'm down?  
How d'you always know when I'm down?
