Tadoe off the molly
He spazzing out in the party
GBE the squad
Its just us we don't need nobody
And these bitches call me papi

Cause I got lots of money
It's a OBlock parade

You better love your women
Cause Sosa fuck any women
These commas steady coming
I turned nothing into something
I be excited as hell
But my dick won't sleep for nothing
And we love getting money
I swear we won't sleep for nothing
See opps we pull our Glocks out
Hollow tips pop out
30 clips stick out
But please dont get shot down
On the plug i'll flood your block out
Disrespect my block now
Guarantee you get shot down
Choppas chop your block down[Hook]
