

# Cute Without the 'E' (Cut from the Team)

## Taking Back Sunday

[Intro]

Your lipstick, his collar  
Don't bother, angel  
I know exactly what goes on

[Verse 1]

When everything you'll get is everything that you've wanted, princess  
(Well, which would you prefer?)  
My finger on the trigger, or  
(Me face down, down across your floor?)  
Me face down, dead across your floor  
(Me face down, down across your floor)  
Well, just so long as this thing's loaded

[Chorus]

And will you tell all your friends  
You've got your gun to my head?  
This all was only wishful thinking  
This all was only wishful thinking  
And will you tell all your friends  
You've got your gun to my head?  
This all was only wishful thinking  
This all was only wishful thinking  
Let's go

[Verse 2]

Don't bother trying to explain, angel  
I know exactly what goes on when you're on, and  
How 'bout I'm outside of your window?  
(Well, how 'bout I'm outside of your window)  
Watching him keep the details covered?  
You're such a sucker for a sweet talker, yeah  
(You're such a sucker)

[Chorus]

And will you tell all your friends  
You've got your gun to my head?  
This all was only wishful thinking  
This all was only wishful thinking  
(The only thing I regret is that I

I never let you hold me back)  
And will you tell all your friends  
You've got your gun to my head?  
This all was only wishful thinking  
This all was only wishful thinking

[Bridge]

Hoping for the best just hoping nothing happens  
A thousand clever lines unread on clever napkins  
I will never ask if you don't ever tell me  
I know you well enough to know you'll never love me  
(Why can't I feel anything from anyone other than you?)  
Hoping for the best just hoping nothing happens  
A thousand clever lines unread on clever napkins  
I will never ask if you don't ever tell me  
I know you well enough to know you'll never love me  
(Why can't I feel anything from anyone other than you?)  
Hoping for the best just hoping nothing happens  
A thousand clever lines unread on clever napkins  
I will never ask if you don't ever tell me  
I know you well enough to know you'll never love me  
And all of this was all your fault  
And all of this  
(It makes things worse)

[Outro]

I stay wrecked and jealous for this  
For this simple reason I  
Just need to keep you in mind  
As something larger than life  
(She'll destroy us all before she's through  
And find a way to blame somebody else)  
I stay wrecked and jealous for this  
For this simple reason I  
Just need to keep you in mind  
As something larger than life  
(She'll destroy us all before she's through  
And find a way to blame somebody else)  
I stay wrecked and jealous for this  
For this simple reason I  
Just need to keep you in mind  
As something larger than life
