

Cruel Intentions (Remix) [feat. Snoh Aalegra]

JMSN

Ooh ooh oh oh x2
Yeah
Said, now I, I got so much trouble
I'm thinking about every day, baby
And I can't sleep here
Wish I could turn back the hands of time
Yeah!
Everybody wants to fuck someone else,
Wanna feel the feeling they never felt
When they was with it
Yeah! Alright, huh
But girl you tell me we gon' need some help
I tried and tried but I can't seem to figure out the issue
Yeah, what's the issue?
At the end of the day
I just want some attention
All this empty space,
You got such cruel intentions,
Cruel intentions
Ooh oh ooh oh oh
Cruel intentions I made my fair share of mistakes,
I've had my fair share of bad patience
I met the real, I met the fake
Starting to learn, not much time to take Everybody wants to fuck someone else,
Wanna feel the feeling they never felt
When they was with you
Wanna feel the feeling they never felt
When they was with you
Go fuck yourself!
I tried and tried but I can't seem to figure out the issue
Yeah, what's the issue? Ey-eyyy
At the end of the day
I just want some attention
All this empty space,
You got such cruel intentions,
Cruel intentions
Ooh oh ooh oh oh
Cruel intentions Let me play my guitar
Eh, damn
Healing all your scars
Yeah
Let me play my guitar

Eh, damn
Healing all your scars
Yeah Let me hear you, baby
Come on
