

Music For Love

Mario

Right about now Girl turn me up and let me come through your speakers
Blow the sound out of your tweeters
Cause Baby (girl) this is the music for love Shawty don't be scared just let the bass line hit you
Boom boom
All up in your system cause baby (girl)
This is the music for love Girl let my frequency just flow through your body
Get this party started cause baby, baby (girl)
This is the music for love put me on repeat girl
Lets go again and again no matter am or fm
Cause baby (girl) this is the music for love
Wow, we could play the music loud whenever nobody's around
Cause if the sound, it starts to wake up the neighbors
We gonna have to turn it down, down, down, down
I'm about to have a real eruption
There's gonna be no interruptions
Baby come push my buttons
Ill show you all my functions
Press play and let me start
Fast forward to your favorite part
After we done hit rewind we'll go back to the top Girl turn me up and let me come through your
speakers
Blow the sound out of your tweeters
Cause Baby (girl) this is the music for love Shawty don't be scared just let the bass line hit you
Boom boom
All up in your system cause baby (girl)
This is the music for love
Girl let my frequency just flow through your body
Get this party started cause baby, baby (girl)
This is the music for love put me on repeat girl
Lets go again and again no matter am or fm
Cause baby (girl) this is the music for love Now ill keep you moving your body
I'll be the dj that turns this private party out
I'll play your favorite song
From my itunes to your ipod girl
Girl i know how to put it on
Computer Love
And we'll Do this all night long
And you can sing along
Just as long as you sing in my microphone
Oh, you ain't gotta worry about parental advisory
Cause girl we're grown
And the music we're making baby we're making for love Girl turn me up and let me come
