Kilimanjaro

Kilimanjaro

Kiliman-Kiliman

Kilimanjaro at the top like a Pharaoh

Verified chicks want a follow for a follow

Asking for my P what the fuck you trying to borrow

Aiming at your knee when I'm springing out my arrow

Come fuck with me

Come fuck with me

Fuck up your spree

No time to flee

Timber what I call when I push down a tree (Timber)

I don't care if Gudjon or Lee

Kilimanjaro

Kilimanjaro

Kilimanjaro

Kilimanjaro

Kilimanjaro

Kiliman-Kiliman

Done with all the past now I'm all about tomorrow

Little did you know, I'm the one they follow, all you other fools are hollow

Opposition here like oh no

Got me killing shit like Zorro

Workflow is beyond no time here to be

Take time to respond when you texting me

Got no time for your shit

I'm tryna get lit

Climbing to the top is why I had to go and split

Destined for better

So watch me go get it

Trying to stop the man

Pfft, pathetic

I see what you're scheming

But the man is so blessed that he'll fuck up your demon

Attire on that insane (yeah yeah yeah yeah)

Giuseppe for that shoe name (yeah yeah yeah yeah)

Styling on these membranes (Wha wha wha wha)

Coming from my own lane (Wha wha)

Face it bitch, I'm here to stay (All day)

Breaking out like I'm in Pompeii

Playing the game and I'm here still winning

God bless to the guys team killing

Not on that side motherfucker devoted my team

Girls like my theme

Slurping my cream

Followed my dream

So many angles

Don't fuck with my angles
Or deal with the Chuck
Drink in the hand got me feeling so fucked
Still I'm fucked with my team
I got the houses in cities (I do)
Investment in tune with the millies (I do)
We party and drink yeah we feeling supreme
Got no question when showing the fities
XIX, the man wear (Yeah)
KEEP UP, if unaware (Yeah)
'Cause I'm sagging the Queen in my joggers (Cash)
Peacing out to the fuckers that doubted
Got riches and riches in places, I'm routed (so routed)
At top of the mountain we killing it (killing it)
