Every day we slangin' iron I know you niggas fed?up

Nigga?won't?get on my?trail I tell?'em, "Bitches catch up"

I hit the bumper knock it loose, up out the window, I get loose

Pushing bullets through the window fuck around and I hit 2s and 20s 12s up in the truth

I get the drop I'm sending troops

He was steppin' in some J's, now he can't even tie his shoes

[Chorus]

He a demon (demon), he be scheming (scheming)

Murda in his eyes, he then seen it

If he mask up then he scheming

And if he said, "Fuck you," then he mean it

He a demon he be scheming (scheming)

Murder in his eyes he then seen it

If he mask up, then he scheming

And if he said, "Fuck you," then he mean it

[Verse 2]

I got some shit up on my chest that I can't wait to get off

I got some niggas from my city I can't wait to knock off

Draco hold a hunnid tryna knock your top off

Got some niggas in the cut and they can't wait to pop off

Pull up on a whip you know it's murder she wrote

Got some niggas coming durt cha for a couple C notes

I know a pretty red bitch she got a helluva throat

Yeah, I make her fuck the opps until she give me then go

Bitch, you know I'm the goat

I got the game in a choke

I'm loving on your baby mama stick my tongue in her throat

My city know I'm a stepper and I keep Glock's not berettas

You want me dead, a hunnid ain't enough, you gotta do better

[Chorus]

He a demon (demon), he be scheming (scheming)

Murda in his eyes, he then seen it

If he mask up then he scheming

And if he said, "Fuck you," then he mean it

He a demon he be scheming (scheming)

Murder in his eyes he then seen it

If he mask up, then he scheming

And if he said, "Fuck you," then he mean it
