

# Green Light

Rod Wave

[Intro]

Mmm

(Ayo, Nashi, you go crazy)

Yeah, yeah

[Chorus]

Okay, green light, uh, pistol in the party don't seem?right

Lil'?bro off that?molly, can't think right

It's about to?be a fuckin' green light

I get in my feelings off that Hen, dawg

I'm gon' be this way until the end, dawg

I got too much on my mind and I cannot get it off

Gon' be a homicide before Nuni take the loss

[Verse 1]

The good die young (Green light), they be the first ones to leave

Ace told me keep my strap but now he restin' in peace

If I ever catch the nigga who killed him out on the street

I'ma tie him to my truck and drive that nigga to the beach, brr

Ayy, tell a nigga, "Rest in peace", uh, tryna blind a nigga

Fuck it, jump in the bucket, let's go find these niggas

All I need is a half a ounce of weed, my brand new AR-15

I'm gon' make a nigga bleed

[Pre-Chorus]

Ayy, tell him leave it in the street

We gon' put it in they life, turn this block with that Glock

He jumped the gate and left his bike

Niggas get knocked out they socks when they get hit with that pipe

Woadie jumped out with that chop, then introduced them to that green light

[Chorus]

Okay, green light, uh, pistol in the party don't seem right

Lil' bro off that molly, can't think right

It's about to be a fuckin' green light

I get in my feelings off that Hen, dawg

I'm gon' be this way until the end, dawg

I got too much on my mind and I cannot get it off

Gon' be a homicide before Nuni take the loss
