

# Could We

## Cat Power

Could we, take a walk  
Could we, have a talk alone  
In the afternoon Could we, have a seat  
Why, yes, be my guest  
You can hold my hand What a dream, in the grass  
We kissed, fell in love too fast, too soon  
Love full bloom Should we get up, let's wake up  
Let's get dressed, I'll let you walk me up the street  
Back home  
Thank you, it was great  
Let's make another date  
Real soon  
In the afternoon
