

Burning For Love

Bon Jovi

I've been lied to and you been cheated
I've been cried to, you been mistreated
I've been watching you, you want action
You need love and I need satisfaction I'm burning for love, filled with desire
I can't stand the heat and my hearts on fire
I can't get enough, it's down to the wire
I'm making my move, I'm looking for you, I'm burning for love You're the victim it's in your
eyes
I'm the suspect and loves the crime
Tensions mounting, bodies aching
I can't take the anticipation
I'm burning for love, I'm filled with desire
I can't stand the heat and my hearts on fire
I can't get enough, it's down to the wire
I'm making my move, I'm looking for you, I'm burning for love Now that I got you in my sight
Can't take another sleepless night, no, no no
Well you can run but you can't hide
You're the only one I need to feel the fire inside Burning for love, I'm filled with desire
I can't stand the heat and my hearts on fire
I'm burning for love, I'm filled with desire
I can't stand the heat and my hearts on fire
I'm burning for love, I'm filled with desire
I can't stand the heat and my hearts on fire
I can't get enough, it's down to the wire
I'm making my move, I'm looking for you, I'm burning for love
