

The Gift

Donald Lawrence

The gift it looks good on you
The systems of the world
Will try to take your confidence
But these systems were designed to make you doubt what heaven sent
The systems of the world
Will try to take your confidence
But these systems were designed to make you sit down on your gift
But the gift God gave to
you, give it back to Him
When He sees it operating, it's a compliment to Him
But the gift God gave to you, give it back to Him
For the gift it will make room, position, for great men to see you
The gift it looks good on you
It looks good on you
The gift it looks good on you
It looks good
The gift it looks good on you
It looks good on you
The gift it looks good
And you wear it well
God has graced you and you wear it well
You wear it well, you wear it well
God has graced you and you wear it well
You wear it well
It looks good on you
The gift it looks good on you
It looks good
The gift it looks good on you
It looks good
The gift it looks good
And you wear it well
God has graced you and you wear it well
God has graced you and you wear it well
It looks good on you
It looks good
It looks good on you
The gift it looks good
It looks good on you
The gift it looks good
And you wear it well
God has graced you and you wear it well
The gift it looks good
