

# Hold the Drama

JoJo Siwa

It's so crazy crazy crazy when they serve you with drama  
I won't play it, play it, play it, I just do what I wanna  
You could take a pic if you'd like to, but you better be quick cause I might move  
Yeah I'm livin' that life, that's what I do  
I'm livin' that life If they're coming at me I'll say no  
Tell 'em I don't wanna deal no more  
Wrap it up, tie it up with a bow oh oh ay oh  
I don't wanna get old too fast  
I wanna make these good times last  
See me whip my hair like that  
And if they push I'll say  
I just wanna dance...  
I just wanna dance...  
Hold the drama  
I just wanna dance...  
I just wanna dance...  
Haters gonna say it, say it, say it, just to hear their own voices  
But I keep slayin', slayin', slayin', cooking up my good choices  
I keep a lot of friends 'cuz I'm loyal  
Treat 'em real nice like their royal  
So you never could say I'm spoiled, uh  
Yeah, I'm livin' my life If they're coming at me I'll say no  
Tell 'em I don't wanna deal no more  
Wrap it up, tie it up with a bow oh oh ay oh  
I don't wanna get old too fast  
I wanna make these good times last  
See me whip my hair like that  
And if they push I'll say  
I just wanna dance...  
I just wanna dance...  
Hold the drama  
I just wanna dance...  
I just wanna dance...  
Hold the drama  
Okay, here we go  
Come on dance  
Hold the drama  
Come on  
Turn the music up louder  
We're gonna dance  
In 5, 6, 7, 8 If they're coming at me I'll say no  
Tell 'em I don't wanna deal no more

Wrap it up, tie it up with a bow oh oh ay oh  
I don't wanna get old too fast  
I wanna make these good times last  
See me whip my hair like that  
And if they push I'll say  
I just wanna dance...  
I just wanna dance...  
Hold the drama  
I just wanna dance...  
I just wanna dance...If you're dancing and they love it  
Then they'll just hold the drama  
If you're dancing and they love it  
Then they'll just hold the drama  
If you're dancing and they love it  
Then they'll just hold the drama  
If you're dancing and they love it  
Then they'll just hold the drama  
I just wanna dance... dance like this
