

Spaceman

Dave Matthews Band

Probably get it wrong as much as I get it right
But I got it right woman when I caught your eye
What I remember most about that night is
I love the way you move, baby
Yes, I love the way you move, baby I like most liquor but I don't like gin
Don't always like the skin I'm in
But when I get it wrong, got a start again
Still I love the way you love me, baby
And I love the way you move, baby
I love the way you move, yeah, yeah CHORUS
All the freaks are on parade
I want to fill my belly, so I got to get paid
Doesn't everybody deserve to have the good life?
But it don't always work out
Cry, cry, baby, if we must
But just remember, oh, remember
I love the way you love me, baby
And I love the way you move Not all bad, but I'm a faithful sinner
I might get lost, but I'll be home for dinner
If God don't like me, he can send me to Hell
But I love the way you love me, girl
I love the way you move I prayed to Heaven to keep my place
But I looked in the mirror and saw the Devil's face
I'd be a dog for a tail to chase
But I love the way you kiss me, baby
And I love the way you talk, baby
You move
Love the way you move CHORUS I love the way you love me, baby
And I love the way you move
The bad days come when the good days gone
Working as hard as the day is long
And a working man works when at home
And I love the way you talk, baby (love the way you talk, baby)
And I love the way you talk, baby CHORUS All the people are on parade
Thought I saw a spaceman try to get laid
Doesn't everybody deserve to have the good life?
But it don't always work out
Cry, cry, baby, if we must
But, oh, remember, just remember
I love the way you love me, baby
And I love the way you move
