

# Paulina

## No Doubt

Paulina - she's on the cover of a magazine  
Paulina - a woman in my nightly dreams  
Paulina - who makes me grin in any pose  
Paulina - I wish she'd take off all her clothesPaulina - well I stare at her pictures all day long  
Paulina - and as I do I sing this song  
Paulina - my father says to act my age  
Paulina - as I single handedly turn the pagePaulina - well I paste her pictures on the wall  
Paulina - sit by the phone and hope she'll call  
Paulina - although I know she never will  
Paulina - to indulge myself is such a thrillPaulina - she's the big red apple of my eye  
Paulina - I wish she'd lay down by my side  
Paulina - but if she ever knew my pursuit  
Paulina - she would probably file a huge lawsuit  
Yeah yeah oh oh oh oh
