

Forbidden Fruit (feat. Kendrick Lamar)

J. Cole

Me and my bitch, took a little trip
Down to the garden, took a little dip (oh no)
Apple juice falling from her lips took a little sip (boom)
Little sip
Took a little sip, took a little sip
T-T-Took a little, took a little, took a little sip (uh)
Uh huhHey yo, I walked through the valley of the shadow of death
Where niggas hold tec's like they mad at the ref
That's why I keep a cross on my chest, either that or a vest
Do you believe that Eve had Adam in check?
And if so, you gotta expect to sip juice
From the forbidden fruit and get loose
Cole is the king, most definite
My little black book thicker than the Old Testament
Niggas pay for head but the pussy sold separate
Same bitch giving brains to the minister
The same reason they call Mr. Cee "the finisher"
Forbidden fruit, watch for the Adam's apple
Slick with words don't hate me, son
What you eat don't make me shit
And who you fuck don't make me cum
Put a price on my head won't make me run
Try to kill me but it can't be done
Cause my words gon' live forever
You put two and two together Cole here foreverMe and my bitch, took a little tripDown to the
garden, took a little dip (oh no)
Apple juice falling from her lips took a little sip (boom)Bitches come and go (You know that)
Money come and go (You know that)
Love come and go (Don't shit last)Bitches come and go (You know that)
Money come and go (You know that)
Love come and go (Don't shit last)
Take a seat baby girl you've been all in my mind
I know I ain't called gotta pardon my grind
Just copped a maroon 5, no Adam Levine
Came a man by myself, only father was time
I know that she relate baby daddy ain't shit
So she raised that nigga kids but she swallowing mine
And that's why you all in my mind
All in my line like caller number nine
Cause a nigga poppin' like Harlem in the nine-
Seven, way before Mase was a reverend
I was a young nigga making A's at 11

At 12, trying to get that taste of the Heaven
 Or Hell, only time gon' tell
 Fuck her while her mama home "baby, don't yell"
 How many record do a nigga gotta sell
 Just to get the cover of the double XL
 Or Fader, fuck ya magazine hater
 When I say that I'm the greatest
 I ain't talking about later
 I'mma drop the album the same day as Kanye
 Just to show the boys the man now like Wanyá And I don't mean no disrespect, I praise legends
 But this what's next the boy sick, can't disinfect
 Life's a bitch and the pussy's wet My clip is loaded and this the kiss of, death
 Blah Me and my bitch, took a little trip
 Down to the garden, took a little dip (oh no)
 Apple juice falling from her lips took a little sip (boom) Bitches come and go (You know that)
 Money come and go (You know that)
 Love come and go (Don't shit last)
 Bitches come and go (You know that)
 Money come and go (You know that)
 Love come and go (Don't shit last) Don't shit last, and you know that
 Went to hell, got hot didn't melt
 The only man above me is God himself
 All these other niggas is below me
 Word to Phife, Q-Tip, Ali, and Jarobi What up Queens

 Started with a dollar and a dream, and you know that
 Never give a bird bitch a ring, you should know that
