

# Letdown

## nothing,nowhere.

[Verse 1]

Broke your heart on your birthday  
I would call but I don't know what I could say  
Only skin, only bone, and I'm flawed  
Crying in your parents' garage  
So I'll sew my eyelids shut  
So I don't have to be reminded of us  
'Cause everywhere that I go is a photo  
Every night I'm in bed with the vertigo

[Bridge]

It goes  
Da da da dadada da, da da da dadada  
Da da da dadada da, da da da dadada  
Every night I'm going  
Da da da dadada da, da da da dadada  
Da da da dadada da, da da da dadada

[Verse 2]

Anxiety inside extremities  
I'm losing touch, I got a tendency  
To ruin all the things that I love

I could make amends

But you know I had enough, oh man

Not right now

You would think that I would feel alive by now

Twenty-something years and I'm still so down

Contemplate on moving like my legs tied down, oh no

Try to coincide, lack on my back and the void is inside

I can see my faults in the ceiling every night

I can see my faults in the ceiling every night

[Chorus]

So I'll drive all night through my home town

You can drive your knife through my chest now

I'ma crash my car by your old house

'Cause all I'll ever be is a letdown

So I'll drive all night through my home town

You can drive your knife through my chest now

I'ma crash my car by your old house

'Cause all I'll ever be is a letdown

[Bridge]

Da da da dadada da, da da da dadada

Da da da dadada da, da da da dadada

Every night I'm going

Da da da dadada da, da da da dadada

Da da da dadada da, da da da dadada

[Chorus]

So I'll drive all night through my home town

You can drive your knife through my chest now

I'ma crash my car by your old house

'Cause all I'll ever be is a letdown

So I'll drive all night through my home town

You can drive your knife through my chest now

I'ma crash my car by your old house

'Cause all I'll ever be is a letdown

So I'll drive all night through my home town

You can drive your knife through my chest now

I'ma crash my car by your old house

'Cause all I'll ever be is a letdown

So I'll drive all night through my home town

You can drive your knife through my chest now

I'ma crash my car by your old house

'Cause all I'll ever be is a letdown
