

# ME BECAUSE OF YOU

HRVY

You took this open heart of mine  
Fix me up and made it right  
Lost in cold but you love me still Every space I couldn't fill You give me all I ever needed  
Half a heart and you complete it  
Part of me I never knew, ohhh  
I'm only me because of you I'm only me because of you  
You know me better than I do  
I'm saying how I feel  
I'm just being real, yeah  
Baby that's the truth  
I'm only me because of you  
Yeah, I'm only me because of you  
You show me how to love my flaws  
Oh no, and the person I've not met before You give me all I ever needed  
Half a heart and you complete it  
Part of me I never knew, ohhh  
I'm only me because of you I'm only me because of you  
You know me better than I do  
I'm saying how I feel  
I'm just being real, yeah  
Baby that's the truth  
I'm only me because of you I'm only me because of you  
I'm only me because of you  
I'm only me because of you  
You know me better than I do  
I'm saying how I feel  
I'm just being real, yeah  
Baby that's the truth I'm only me because of you (No, ohh)  
You know me better than I do (I do, I do, I do, ohh)  
I'm saying how I feel  
I'm just being real, yeah  
Baby that's the truth  
I'm only me because of you No  
I'm only me because of you  
I'm saying how I feel  
I'm just being real, yeah  
Baby that's the truth  
I'm only me because of you  
Oh no, I'm only me because of you
