

# Drunk On a Plane

Dierks Bentley

I took 2 weeks vacation, for the honey moon  
A couple tickets all inclusive, down in Cancun  
I couldn't get my money back so,  
I'm in seat 7A  
I'm gettin' drunk on a plane I bet the feller on the aisle thought I was crazy  
Cause I taped your picture  
To the seat back right beside me  
Now I've got empty mini bottle fillin' both our trays  
I'm gettin' drunk on a plane Buyin' drinks for everybody  
But the pilot, it's a party.  
Got this seven thirty-seven rockin' like the G6  
Stewardess is somethin' sexy  
Leanin' pourin' coke and whiskey  
Told her about my condition  
Got a little mile-high flight attention  
It's mardi gras  
Up in the clouds  
I'm up so high, I may never come down  
I'll try anything to drown out the pain  
They all know why, I'm gettin' drunk on a plane. We had this date marked on the calendar  
forever  
We'd take that new wed limo to the airport ride together  
I feel like a plastic groom  
Alone up there on top of the cake  
So hey, I'm gettin' drunk on a plane Buyin' drinks for everybody  
But the pilot, it's a party.  
Got this seven thirty-seven rockin' like a G6  
Stewardess is somethin' sexy  
Leanin' pourin' coke and whiskey  
Told her about my condition  
Got a little mile-high flight attention  
It's mardi gras  
Up in the clouds  
I'm up so high, I may never come down.  
I'll try anything to drown out the pain.  
They all know why, I'm gettin' drunk on a plane. On my way home I'll bump this seat right up to  
first class  
So I can drink that cheap champagne out of a real glass  
And when we land I'll call her up and tell her 'Kiss my ass'  
Cause hey, I'm drunk on a plane Buyin' drinks of everybody  
But the pilot, it's a party  
Got this seven thirty-seven rockin' like a G6

Stewardess is something sexy  
Leanin' pourin' coke and whiskey  
Told her about my condition  
Got a little mile-high flight attentionIt's mardi gras  
Up in the clouds  
I'm up so high, I may never come down.  
I'll try anything to drown out the pain.  
They all know why, I'm gettin' drunk on a plane.I'm gettin' drunk on a plane.  
I'm might be passed out  
In the baggage claim  
But right now, I'm drunk on a plane.
