

VIBE (feat. Jimin of BTS)

TAEYANG

[Intro: TAEYANG]

I can't express it in words
Girl, you gotta know you got that vibe
Your smile is fine art
You wake up my soul
You got me feelin' so right, yeah
It's a vibe

[Verse 1: TAEYANG]

Yeah-eh
This gon' be the one and only theme song
You've got all of my attention
You're my one and only mission
Nothing is impossible, baby, lights, camera, action
I'm the music, you're my top line
You're the city, I'm the skyline
I'm the movie, you're the highlight
Falling on a dark sky like twilight

[Pre-Chorus: TAEYANG]

Just gets better
Got me binge-watching you with that attraction
You don't know I want your love (Know I want your love)
Before this night ends, baby

[Chorus: TAEYANG]

You know we got that vibe, baby ('Til the sun rises)
Look at me, look at me, I got the vibe
Look at me, look at me, I got the vibe
You know we got that vibe, baby ('Til the sun sets)
Look at you, look at you, you got the vibe
I can feel it, it's a vibe

[Verse 2: JIMIN]

This gon' be the one and only anthem
Can feel my sixth sense, it's a stimulation
Holding hands causing an electrocution
Before you my world was in disconnection
I'm the stage, you're the spotlight
You're the Han River, I'm the Nam San
It can't be more perfect than this
Falling on a dark sky like twilight

[Pre-Chorus: JIMIN]

I could feel it

I'm trapped inside your space, you're my matrix
You don't know I want your love (Know, I want your love)
Before this night ends, baby
[Chorus: JIMIN, TAEYANG]
You know we got that vibe, baby ('Til the sun rises)
Look at me, look at me, I got the vibe
Look at me, look at me, I got the vibe
You know we got that vibe, baby ('Til the sun sets)
Look at you, look at you, you got the vibe
I can feel it, it's a vibe

[Bridge: JIMIN, TAEYANG]
Look at the stars
Moon's shining so bright
All through the night
It's lighting us up
And the way you look at me (It's a vibe)
I want to keep feelin' the vibrations
(You gotta know you got that vibe)
[Chorus: TAEYANG & JIMIN]
You know we got that vibe, baby ('Til the sun rises)
Look at me, look at me, I got the vibe (Oh, yeah)
You know we got that vibe, baby ('Til the sun sets)
Look at you, look at you, you got the vibe
I can feel it, it's a vibe
