

Holiday (feat. Redfoo)

HRVY

Yeah I met this girl on a Monday
She took my heart like a valley
Then like we're birds, she can fly away
And now everyday's like a holiday And we'll sit in the Sun all day together
Flip flop, cocoa butter, music everyday
Sunshine, beaches and we'll pretend our love forever Holiday
(Here we go again)
Holiday
(And I'll be with you)
Holiday
(Oh nana nana nana nana)
I love you like a holiday
And we'll sing
I love you like a holiday
I love you like a holiday When I started with you everything was so simple baby
Then I got your number then I asked if you would play
And I know its precious 'cause our time is all, let me love you
Like a holiday ooh Holiday
(Here we go again)
Holiday
(And I'll be with you)
Holiday
(Oh nana nana nana nana)
I love you like a holiday
And we'll sing I love you like a holiday
I love you like a holiday
(Redfoo lets go)
Yo, when I walk the street all the girls drive by and go beep beep (beep beep)
Oh but you and me, they get real jelly, who the hell is she?
Yeah, it's my baby baby, my ice cream, my favourite, flavour
The icing on my cinnamon roll
Then when you give me that sugar I get out of control Holiday
(Here we go again)
Holiday
(And I'll be with you)
Holiday
(Oh nana nana nana nana)
I love you like a holiday
(One, two, three, lets go) (Lets go)
I love you like a holiday Holiday
(Here we go again)
Holiday

(And I'll be with you)
Holiday
(Oh nana nana nana nana)
I love you like a holiday
