

Llewellyn

Upchurch

[Chorus]

Too soon you sailed across the sky
Too soon to see with clearer eyes
Too soon to live and too soon to die (too soon to die)
Mindy Llewellyn Mindy Llewellyn

[Verse 1]

I remember the bucket list you had
Sittin' in my Ford and had a 40-pack
We was at a party and you had to go home
So I drop you off down the road
You said you were sick of this old town
Would do anything to get out
But I never expected it to be that way

[Chorus]

Too soon you sailed across the sky
Too soon to see with clearer eyes
Too soon to live and too soon to die (too soon to die)
Mindy Llewellyn Mindy Llewellyn

[Verse 2]

I didn't go to your funeral
Samantha Jay tried to get me to go
But I couldn't bear to walk up and see you that way
I'd rather know the smiling girl last week
The one with that Sharpie on her jeans
With colors as bright as what she had planned

[Chorus]

Too soon you sailed across the sky
Too soon to see with clearer eyes
Too soon to live and too soon to die (too soon to die)
