

Pressure (feat. Kodak Black & YG)

Jeezy

I just bought a coupe about a week ago
You know what this is Look, I just bought a coupe about a week ago (pressure)
See straight through them diamonds VVS's hoe (pressure)
That pressure had them niggas on some sucker shit (pressure)
That pressure fuck around and make your partner snitch (pressure) Prolly on some shit you
niggas never be
Stay the fuck from round them
That's what my conscience tellin' me Better pay attention, best be watchin' where ya goin' bitch
Cause when ya get in my lane that's when I get to tow in shit
I done been through so much
I seen so much fuck shit
When you talk down on me
I don't give a fuck bitch
I just want some more paper
I just need some more haters
I just bought a new crib
I don't want no neighbors Guess I'm antisocial
I don't want no new friends
Y'all waitin' for handouts
Y'all niggas ain't me
Pressure make ya dawg straight flip-flop
Pressure have a nigga wanna hit ya for ya wristwatch Old scrub ass nigga
Fake love ass nigga
Every time I be grinding
You in the club ass nigga
That insane chain in that white Mulsanne
Shit off on my pinky lookin' like a mood ring
I'm talkin pressure
Look, I just bought a coupe about a week ago (pressure)
See straight through them diamonds VVS's hoe (pressure)
That pressure had them niggas on some sucker shit (pressure)
That pressure fuck around and make your partner snitch (pressure) See straight through them
diamonds VVS's hoe (pressure)
That pressure had them niggas on some sucker shit (pressure)
That pressure fuck around and make your partner snitch (pressure) Aye that pressure affect
every nigga a different way
How he shoot you in your ass and you still in his face?
I shot up at a nigga feet but I ain't hit his Js
Just tryna scam if I was him I'd have killed me anyway
Only reason I did the verse, cuz I fuck with Jeezy
I'm out of jail last year, that nigga flew and see me Yuh, VV gleamin', teeth blingin'
I'm so icy I'm freezin', no fan ceilin'

She gimme head like a nerdy
 But she failed at readin'
 I'm just hollerin' at my crucifix
 Yeah I'ma demon
 I'm bout to bring these niggas that pressure
 Forget the pre-nup
 Bullets be flying out my desert, eagle
 Look, I just bought a coupe about a week ago (pressure)
 See straight through them diamonds VVS's hoe (pressure)
 That pressure had them niggas on some sucker shit (pressure)
 That pressure fuck around and make your partner snitch (pressure)
 Apply that pressure, bus a
 pop (aye)
 VVS's on my pinky knots (aye)
 That Bentley coupe my favorite ride (aye)
 This ain't electric but my niggas slide (aye)
 I just pressed a nigga bout a week ago
 They say he talkin', I'm around he never speakin' tho
 Just pull up on these niggas
 That's they weakness, bro
 I meet the ho, beat the ho, then need a ho
 She pressure, my necklace, is shinin
 I'm special, my niggas, get money
 No we, can't help you
 I'm selfish, I'm greedy, not needy, I'm gangsta
 On bloods, this money shit come easy, lay up
 Neglect her, eject her, cause I don't do Rebeccas
 The way you hop in my whip
 I don't like your jester
 You gotta have class the whole year, not a semester
 Think before you speak, I got westside extras
 Look, I just bought a coupe about a week ago
 (pressure)
 See straight through them diamonds VVS's hoe (pressure)
 That pressure had them niggas on some sucker shit (pressure)
 That pressure fuck around and make your partner snitch (pressure)
